

12th Math Stats
Student

Student: Zero, one, two. You guys suck at this.

Student: Does it matter if it hits something? Oh man ... Going to disprove this null hypothesis. Alright [inaudible 00:00:25] does it matter if it hits something?

Student: You can determine whether you think that that is a bias.

Student: I got three, then two.

Student: These smell good, though.

Student: ... Exactly the same so far.

Student: Not enough skills.

[00:02:00]

Student: That's new.

Student: That is! I normally get not [inaudible 00:02:17] Excellent.

Student: Excellent. Okay. [crosstalk 00:02:28] Yeah, we're going to say that ... [inaudible 00:02:36]
